

# One Day

One day  
The secret mafia  
That tortures innocent people like me  
And controls the world through fear  
Will be no more.

They and their ilk  
Will be long gone from this earth,  
Like so much dust swept away,  
Like memories long forgotten.

Their reign of terror will be over;  
Their destruction, through.

And that will be  
One peaceful,  
Beautiful,  
Day.
